

March 26, 1975

PRESIDENT: Senator Burrows.

SENATOR BURROWS: Mr. Chairman, I'd like to see the bill laid over. I would have to vote against the bill now and I feel it would be unfair to kill the bill today with the number of people we have here. I think it would be unfair to the introducer possibly to bring it to a vote today with the number of people that are present.

PRESIDENT: Senator Kelly.

SENATOR KELLY: Mr. President, colleagues, the Public Works Committee did receive from Douglas County very specific detailed figures on how their office works and those could be submitted to Senator Bereuter. I respectfully request Mr. President, that under our afternoon operating rules that when we run into an objection on a bill, it's passed over and I invoke that rule at this time.

PRESIDENT: Will you make a motion?

SENATOR KELLY: Mr. President, prior to your assuming the Chair, the speaker had announced that should there be an objection on a bill, it would be passed over.

PRESIDENT: Well then it's up to me then....We don't take a vote on it?

SENATOR KELLY: I would request at this time instructions from our Speaker.

PRESIDENT: Somebody earlier said that and Senator Moylan said that he wanted to vote on it.

SENATOR KELLY: Mr. President, I believe as our rules stand that when there's an objection, the bill is passed over. If this incorrect I respectfully ask the Speaker to so state.

PRESIDENT: What do you want to do?

SENATOR KELLY: We do have a certain amount of opposition so I move that we pass over this bill and move on to the next one.

PRESIDENT: We're going to pass over it. LB 573.

CLERK: Read LB 573.

PRESIDENT: First of all could we get the lights off from Senators Keyes, Burrows and Kelly. Before I recognize Senator Barnett, I would like to have some indication at this time by your lights if you want to be heard on this bill. That will give us some indication....It didn't do us much good to discuss that other bill for fifteen minutes and then decide that since we're discussing it, we'd pass it over. Senator Barnett.

SENATOR BARNETT: I'd like to move that LB 573 be advanced to E & R. It's a one word change. The Executive Board introduced the bill for the fire marshalls office and the only change is changing age 20 to 21 so that the Nebraska law will coincide with the federal law for storing and
